Sumner
The class of '21 of the S. H. S. will present their play Apr. 1. George Cheatham of this place died Monday Mar. 21. He was a highly respected citizen of Sumner.

The election was hotly contested and the campaigning more earnest than it has been for years.

The Burlington local locomotive went off the rails on the short curve of the spur, last Friday morning, and stayed off most of the day.

Maybe the reason cartoonists put chin whiskers on the farmers is because he has always been the "goat."

For some unknown reason Sumner, too, had a large number of 'drunks' last week.

If the spring flight of ducks persist in annoying a harmless farmer, and its too wet for that farmer to farm, can he be blamed for taking a shot gun to kill the muskrats that borough holes in the levees in Elk Creek bottom?

Every time the folks up here get the roads dragged nicely, Jupiter Pluvius has another 'sob spell.'

Since the change of time of Wabash trains, the night trains meet at Sumner instead of at Triplett.

CARDUI HELPED REGAIN STRENGTH

Alabama Lady Was Sick For Three Years, Suffering Pain, Nervous and Depressed—Read Her Own Story of Recovery.

Paint Rock, Ala.—Mrs. C. M. Stegall, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried every thing I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of any taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her.

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. I sure can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully, in the treatment of many womanly ailments.

If you suffer as these women did, take Cardui. It may help you, too.

Thousands of Cases

Offers Services Free of Charge

The United Doctors is an organization of reputable, licensed physicians. They are all specialists in the treatment of diseases. They treat without surgical operations diseases of all internal organs, stomach, intestines, constipation, piles, liver spleen, heart, nerves, skin, rheumatism, sciatica, goitre, tape worm, leg ulcers and all long standing, deep seated diseases. Many years experience. The complete record of thousands of cases successfully treated prove that their methods are right. They were among the first to earn the name

"Bloodless Surgeons"

Each staff member has at his command the knowledge and resources of the organization. Many people suffer from diseases that can be alleviated just because they cannot afford to go to high priced Specialists and Hospitals at a long distance from their home. No community has a sufficient number suffering from these diseases to support special Hospitals for their treatment and cure. The United Doctors have solved the problem. Their highly trained Specialists go to each community and will advise a proper course of treatment for the sufferers and will instruct them how to take care of themselves at home. No matter what you have been told or the experience you had with other physicians consult him on this visit.

It costs nothing. If your case is incurable he will give you advice as may stay and relieve the disease. Married ladies must come with their husbands or minors with their parents or guardians. Laboratories, Milwaukee, 9-10 Wisconsin

JUDICIAL REDISTRICTING BILL PASSED BY LEGISLATURE

Chariton, Linn and Saline To Compose the Twelfth Circuit Under the New Law.

Unless upheld by a referendum, of which there is some talk, the Judicial district map of Missouri will be completely changed and will soon be in operation.

The redistricting bill passed by the present legislature makes numerous changes which, in the ordinary course of procedure, will take effect in ninety days after the adjournment of the legislature.

The new law changes the Twelfth Judicial circuit, taking off Sullivan county adding it to some other circuit, and in its place adding Saline county, which has been in the Fifteenth circuit.

The law will, of course, legislate the present judges out of office where two or more are thrown together but, it is understood that the Governor has agreed to make an appointment in such cases.

In our new circuit Judge Lamb and Judge Samuel Davis of Saline county come in conflict, and it will be incumbent upon the Governor, according to the plan, to appoint one or the other. Under this arrangement Judge Lamb has the advantage of retaining two of his present counties in the district.

When the law becomes effective, however, remains to be seen. The opponents of the change are threatening to bring about a referendum and, if this is done, it will tie up the changes until the next general election. It will then be time to again elect several of the judges and they will have to be elected from the districts as they now stand. This will cause considerable confusion and seriously handicap all prospective candidates who would like to shy their hats into the ring at the nominating primary.

There will be a meeting of the Circuit Judges and other prominent Democrats in Jefferson City next Monday, at which time the course to pursue will be decided. Judge Lamb will attend.

In our opinion, and also of a number of those with whom we have talked, the calling for a referendum on the redistricting measure would be a mistake and profitless.
